Summary: Meet Salik when he finds Nero, a bear originally destined to have 'slept forever'. Go on the journey they take, with some eventual tragedy and some survival.

1. Chapter 1

Erin Hunter owns most of these characters and the Seekers series. Except a character or two which I make up. Do we own characters that we make up?

Salik's POV

I was running. As fast as I could. From that huge grizzly bear! I thought I wasn't gonna make it, so I kept running. What I didn't see was a large mound coming up. I ran through a small opening in it which the bear couldn't go through. This mound was hollow? Well, at least I'd evaded the grizzly bear. There was a hard surface under my paws. Then, way on the other side of this hollow mound, I saw figure hidden under a blanket. A _bear_ figure. I removed the blanket to reveal an even larger full-grown polar bear. I tried to wake him up, if he was still alive. He arose with roar! I was so scared, I accidentally urinated in front of him. I was _so_ embarrassed! "Whoops! Sorry!" I said.

"It's okay. What's your name?"

"I-I'm Salik."

"My name is Nero. How did you find this place?"

"I was being chased by a huge grizzly bear. I didn't even_ see_ there was an entrance!" I looked back at the entrance. Nero would never fit through there! "I guess you'll be here forever," I sadly stated.

"Oh really," Nero countered. He walked up to entrance and a door opened. A door big enough for the two of us! "Now, I want to thank

you."

"For what?" I retorted.

"For getting me out of there. I could've been there forever!"

Nero's POV

Please review. Taqqiq786 wants to see what you think about his first FanFiction story! (And me, of course!)

2. Chapter 2

Nero's POV

Taqqiq786 does not own any of these characters except me. However, there may be another character which Taqqiq786 does own.

I like this Salik that I met. He was a cub trying to survive, but now he has me for protection. I decided to hunt for food for Salik, and I caught it. A nice, fat goose. I dropped it at his paws. "Let's eat," I said.

"Thank you so much, Nero!" Salik thanked me. "I was starving!"

"So was I. Resting sure can make one hungry!" I replied.

That night, I had a dream.

-Start of dream-

"Oh, hello, gorgeous. What's your name?" There was something familiar about this bear, I just couldn't put my claw on it. "I'm Nero. What's your name?"

"I'm- "

-End of dream-

"Salik!" I growled.

"It's that grizzly bear again! I think he wants to eat me," I said.

And the bear was there. "Give me that cub or you're dead meat!"

"No. I will not give him to you. I will fight you for him!"

"Your funeral," the bear said.

The fight began. He quickly had pinned me down, and then heâ€¦

Salik's POV

_NOOOOOOO! NOT NERO! _I thought as I saw Nero's body go limp. I was running again from that grizzly bear. _This can't be happening. _I found a hiding spot and cried like my life depended on it. _It can't

be. We were great friends. And now he's a full meal for thatâ€¦ thatâ€¦ _I discontinued the thought. Someone had to help me. _Someone._

Grizzly Bear's POV

I am everyone's worst fear. I am the sky that attacks with lightning and hail. I reveal the sun on days which I am happy. In my times of sadness, there will be rain. Lots of it. Kill me, and I will fall. And crush whatever is under me. I amâ€¦ Shoteka.

How do you like me and this story now?

3. Chapter 3

Shoteka's POV

Taqqiq786 does not own me or any of those Seeker Bears. Erin Hunter does. However, Taqqiq786 does own the polar bear I killed and someone else I meet in this story.

This polar bear was delicious. The biggest meal I'd had in a moon. I decided to settle down for the night, my stomach full. I was so full that I belched. Well, that was embarrassingâ€¦

-Start of Shoteka's dream-

"_What's your name?" I said._

"_I'm Oka," the she-bear said. _

"_Well, Oka, who has told you that you- "_

-End of Shoteka's dream-

What just happened? I was having the best dream! Then, I figured out what happened. There was a lightning storm outside. I went back to sleep.

-Start of Shoteka's second dream-

"_Hello, brother!" A voice said. A familiar voice. "Ray?"_

"_Shoteka! It's _you_! How's life been going?" Ray asked._

"_Oh, fine. I caught a polar bear that was bigger than _me_."_

"_Amazing- "_

-End of Shoteka's second dream-

What was it this time?

"Hello, Shoteka!" Ray barked.

"Ray! You came to me in a dream!"

"Yes, I sure did. Now, I've been hearing you've got a crush on someoneâ€¦" Ray prompted.

"I do not!" I playfully cuffed him.

"Her name's Okaâ€¦"

"Doesn't ring a bell."
